

ASSOCIATION OF CALIFORNIA WATER AGENCIES
JOINT POWERS
INSURANCE AUTHORITY

Important Notice

"A Partnership of Public Water Agencies"

February 17, 2009

Dear Members:

It brings us great pleasure to inform you that the JPIA has once again refunded excess premiums to the Member Districts, totaling over **\$3.4 million**.

A check for your District's refund was mailed to your District in January 2009.

In addition to the refund during the last year, rates in all three Programs have again declined; the Workers' Compensation and Property Programs both dropped over 10%.

We encourage you and your staff to take advantage of all of the training and risk management services offered by JPIA. Remember these services are at no additional cost to JPIA's members.

Congratulations to you and your District for all of your hard work at keeping claims and costs down resulting in big refund dividends for all.

Sincerely,

Walter "Andy" Sells
Chief Financial & Operations Officer
