## Accident Investigation

### Accident Investigation: Examining the Details 010.06.1

(Summitt Training Source, Inc.) (18 minutes)  
(DVD) (English) (Spanish) (Subtitles)

When an accident occurs it may seem that the reasons are obvious, but the reality is the cause of an accident is almost always more complicated than it first appears. This program will train anyone involved how to figure out exactly why an

accident occurred. Successfully implementing accident investigations can help put into motion changes that will help achieve a safer workplace for everyone in the future.

## Back Safety

### Powerlift: Lifting Training That Works 040.08.1E

(ERI Safety Videos) (19 minutes) (DVD) (English) (Subtitles)

Most of us have been trained to lift objects with the traditional "bend your knees and keep your back straight" technique, but it just doesn't work. Dr. Schaefer has recognized the flaws of the conventional lifting technique and developed a

safe, easier and stronger lifting position: the powerlift. This technique keeps the back in a powerful and safe posture while an object is being lifted. This program explains the five lifting techniques that have been derived from the powerlift position so viewers can move materials safely in practically every situation. These techniques are being incorporated in the JPIA's Field and Office Ergonomic Training classes, and are a must see for the entire staff.

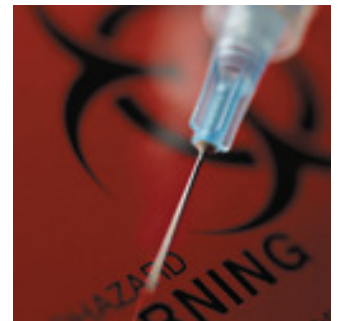

## Bloodborne Pathogens

### Bloodborne Pathogens: Universal Precautions 050.01.1

(Summit Training Source, Inc.) (15 minutes) (DVD) (English) (Spanish) (Subtitles)

This program uses real life scenarios, on-site footage, and high-end animation to provide employee's with the knowledge and training necessary to protect themselves and their co-workers. No matter the occupation, the risk of encountering bloodborne pathogens is present. Teach your workers the hazards of bloodborne pathogens and how to reduce the risk of exposure.

## Electrical Safety

### Shock Proof: Qualified Employees

160.19.1

(Summit Training Source, Inc.) (16 minutes) (DVD)  
(English) (Spanish) (Subtitles)

This program features scenes from a wide variety of workplace settings, making it relevant to all types of workers. This program differs from other electrical safety programs available because it covers a wide variety of important topics and complies not only with OSHA standards, but also NFPA guidelines.

## Heat Stress

### Heat Stress: Preventative Measures

270.10.1

(Summit Training Source, Inc.) (15 minutes) (DVD)  
(English) (Spanish) (Subtitles)

Heat kills an average of 500 people in the United States each year and is often overlooked as a root cause of injuries and death in the workplace. It is

not just workers performing jobs outdoors under the sun who are at risk, but those working indoors around boilers, steel, and many manufacturing processes as well.

## Safety Accountability

### Just a Second Ago: The Brad Livingston Story

400.18.1

(American Training Resources) (21 minutes)  
(DVD)

Do you need a motivational video to enhance your organization's safety culture? If so, this DVD is for you. When Brad Livingston decided to violate procedures, participate in a shortcut and condone the unsafe actions of a co-worker, his world was literally blown apart in a matter of seconds. To prevent others from making the same mistakes he did, Brad motivates his audience to maintain a proper safety perspective and helps them truly understand why they must work safely every day. Your facility's safety culture will improve when workers hear the lessons shared by Brad Livingston!

## Tool & Equipment Safety

### Recommended Practices for the Use of Industrial Vacuum Equipment

470.24.1

(WaterJet Technology Association) (32 minutes)  
(DVD) (English)

This DVD was prepared to develop recommended practices for the use of industrial vacuum equipment. Topics included are injury potential, seeking medical attention, damage, explosion, types of trucks, getting started, pre-job preparations, working safely, job completion, loading and off loading, equipment maintenance, and regulations and certifications.

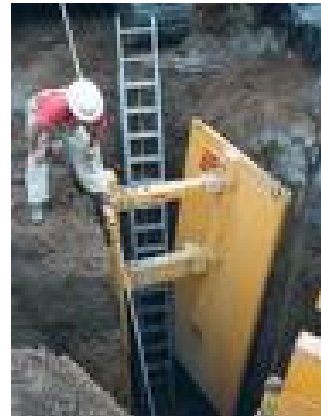

# Trenching & Shoring

## Trenching & Excavation Safety: The Scott May Story

510.13.1

(ERI Safety Videos) (19 minutes) (DVD) (English) (Subtitles)

Trenching and excavation work, it's the starting point of most construction projects. Before you dig, there's a lot you need to know, because the risks, just like the weight of the soil, are too great to take a chance. This type of work is dangerous, with more than 100 workers killed in trench accidents each year. So if you work in a trench or excavation, no matter what your job, you need to know the safety requirements and that's the purpose of this program. Discussed are the safety rules for trenching operations and when they apply as well as to share the lessons learned from the story of Scott May, a young worker who was killed in a tragic excavation accident.

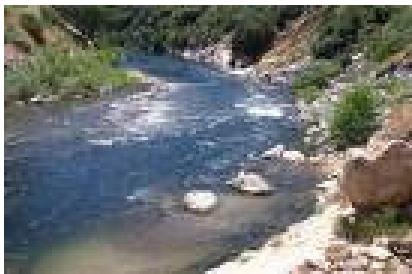

# Water

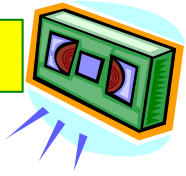

## A River for All: The Life of the San Joaquin

520.40.1

(California Farm Water Coalition) (22 minutes) (DVD) (English)

This video explores the history of water development in California and how decisions made in the 19th Century and beyond played a role in the water system we have today. Decisions on the restoration of the San Joaquin River will no doubt affect the people who rely on it for their livelihoods. While the effort to return salmon to the river has wide ranging support, much still must be done to achieve a balanced solution for all.

## Here's what members are saying about videos!

👍👍👍=Very Good    👍👍=Good    👍=Fair

### **Digging Dangers I-IV** (Underground Safety) (110.12.1)

👍👍👍 Excellent!  
Chino Basin Water Conservation District

### **Driven to Distraction** (Driving Skills) (150.15.1)

👍👍👍 Great Film!  
Idyllwild Water District

### **Dos and Don'ts at the Gas Pump** (Driving Skills) (150.63.1FQ)

👍👍👍 Orange County Water District

### **Teamwork: What's Trust Got to Do with It?** (Teamwork) (480.22.1)

👍👍👍 This is excellent for all levels of an organization.  
Cachuma O&M Board

### **Pipe Profile Series: PE Pipe** (Maintenance) (330.19.1)

👍👍👍 We have been pipe bursting using high density PE pipe for the past five years with great success.  
Pebble Beach Community Services District

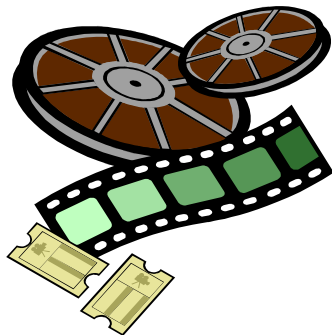

### **"Make Sure you know...What's down below"** (Underground Safety) (110.21.1)

👍👍👍 The crew loved it!  
San Gabriel County Water District

### **Cranes, Hoists & Slings** (Cranes and Hoists) (120.11.1)

👍👍👍 Elsinore Valley Municipal Water District
