

H. R. LABOUNTY SAFETY AWARD PROGRAM NOMINATION FORM

Agency: Yolo County Flood Control & Water Conservation District

Employee Nominated:

Name: Operations & Maintenance Staff

Job Classification: All

Reason for Nomination: Ditchbank maintenance often involves the labor intensive task of clearing weeds and brush from the tops of the ditchbank. Operations and maintenance staff designed and build a brush rake that can be attached to various District equipment, such as the backhoe and the bobcat. As the brush is cleared, it can be mechanically emptied into a dumptruck. This saves labor and backs, as the work can be accomplished using mechanical, rather than physical labor.

Nominated by: Jennifer Reed

Signature: Jennifer Reed

Date: October 6, 2011

General Manager: T. F. M.

Date: 10-6-2011
