

H. R. LABOUNTY SAFETY AWARD PROGRAM NOMINATION FORM

Agency: Carmichael Water District

Employee Nominated:

Name: Darren Van Dusen

Job Classification: Conservation Specialist 2

Reason for Nomination: Darren Van Dusen identified the need to create a customer outreach program (customer communication and display at the District's office) regarding Planting Safety. Often property owners don't consider where they are planting trees, growth pattern, or watering habits when beautifying their landscape. The safety risks associated with location of a tree planted can be devastating and/or tragic to: public safety, staff safety, and property. Darren created a newsletter, flyer/insert, website outreach and creative display demonstration with actual tree roots and piping that was removed during repair of District leaks. This display is portable and can be incorporated in community events/booths to showcase the District's concern for safety.

Nominated by: Lynette S Moreno, Assistant General Manager

Signature: 

Date: 3/14/13

General Manager: Steve Nugent

Date: 3/14/15
