

H. R. LABOUNTY SAFETY AWARD PROGRAM NOMINATION FORM

OPS-CONST
ERGO-FALLS

Agency: Laguna Beach County Water District

Employee Nominated:

Name: Martin Aragon

Job Classification: Maintenance Worker I

Reason for Nomination: Martin used his skill and resourcefulness in building a traffic cone attachment to protect a work area inside a work zone. These "cone aids" are installed on top of a traffic cone and act like a barricade to protect a given work site within the work zone. Martin built the devices out of scrap PVC pipe. The "cone aids" act as a deterrent at a work site to keep the public from walking through a work site, such as a sidewalk with fresh concrete or stepping into an open hole.
