

H. R. LABOUNTY SAFETY AWARD PROGRAM NOMINATION FORM

OPS-MX
ERGO-AP

Agency: Wheeler Ridge-Maricopa Water Storage District

Employee Nominated:

Name: Mike Pilatti

Job Classification: Pump/Electrical Tech Safety Representative

Reason for Nomination: Working in the pump department I may be at different locations throughout the day. At times I may be in the field when I am able to work on the District's safety program. I was using the lap top in the truck with the lap top on the center console causing me to twist at the waist when I had the idea to make a rack and hang it on the steering wheel. Using used 5/16" stainless steel rod, leftover from a repair on a water screen, I used a tubing bender to bend the rod to make the rack to hold the laptop. While it may not be perfectly ergonomically correct, it is a lot better than twisting my body to type. I have made two of these racks, one for my Supervisor and one for myself.

Nominated by: Mike Pilatti
